High-quality 3D modeling for products, characters, and environments, perfect for games and presentations.

### UI/UX Design

User-friendly UI/UX design services that enhance engagement through thoughtful and appealing interfaces.

Ask Me!

About me

## Who is Vinjustcoding?

Hi, my name Kevin Nathanael Haryono. I'm an Information Technology student with a passion for coding and design. I create user-friendly applications using HTML, CSS, and JavaScript. In addition to coding, I enjoy editing videos with Premiere Pro, designing interfaces in Figma, and creating 3D models. My journey in tech is fueled by a commitment to continuous learning and a desire to make a positive impact through my work.
